Dear Rod,

Thank you so much for the information. :-) I would strongly prefer an electronic document regarding site contamination - an RI, BERA, or BHHRA would be great! I look forward to hearing from you!

Best,

Anna

Anna,

Sorry it took me a while to respond, but I have been out of the office.

There are enormous amounts of information on this site at the Washington

State Ecology office in Spokane.

I will see if I can get the documents in an electronic format. if I cannot they will be paper copies.

I will let you know what is available and what the best method of

getting the information to you.

Please feel free to call me if you have questions.

Subject

Pasco Sanitary Landfill (EPA ID#  
WAD991281874)

Dear Mr. Lobos,

Hello! I am conducting research on the Pasco Sanitary Landfill site and was wondering whether you could provide me with any pertinent reports or documentation.

In particular, I am especially interested in the Remedial Investigation Report that EPA conducted in 1999. I would also be interested in obtaining any recent reports or documents pertaining to this site.

Please let me know as to how I can obtain a copy of these reports.

Thank you very much in advance, Mr. Lobos.

Best Regards,

Anna
